

CAT[®] CUSTOMER VALUE AGREEMENT

**Ensure your Cat assets
are kept in top working order with
a hassle-free ownership plan.**

A Cat[®] Customer Value Agreement (CVA) is available in a range of support plans delivered by your Cat dealer - from a full-service equipment protection plan, to having maintenance kits delivered for your own installation.

By structuring the right aftersales agreement with your Cat dealer, you can lower the cost of owning your Cat power system and maximise your investment.

That's Aftermarket Smarts.

**Energy Power
Systems**

**Talk to your local Cat dealer to find out more about their
programs and the agreement that will best suit your business.**
